If you have any questions after reading this guide, please fee free to reach out and we will get back to you as soon as possible! Our studio hours are M-F 10am to 5pm.

This guide is very thorough ... which means it's long!
Sit down, grab a glass of (insert favourite beverage here) and read this until the very end!

I have been photographing boudoir since 1999. Boudoir is so precious to me because I love helping women feel better about themselves, inside and out. We all struggle with self image, and I want to help women overcome as much of that as I can. I love the WOW factor. I love delivering image to women and having them say, "I can't believe that's me! I've never felt so beautiful in my entire life!" It means so much to me to be able to offer that to women, and that women of all ages, shapes and sizes trust me to provide them with this experience.
You don't need to lose weight. You don't need to be Beyonce curvy. You just need to be you. Have fun. And Enjoy this moment. You won't regret it!!!

Get Confident & Celebrate You

Our Chapel Studio

Our Restored Chapel Studio opened in late 2018. We are an all-woman team dedicated to empowering women situated in the private and idyllic Herefordshire countryside just 2.5-3 hrs drive from London, on the Duchy Estate, Harewood Park, at HR2 8JS.

Thank you for being here and supporting our amazing business - we can't wait to meet you and create some of the most gorgeous photographs of yourself that you will ever have.

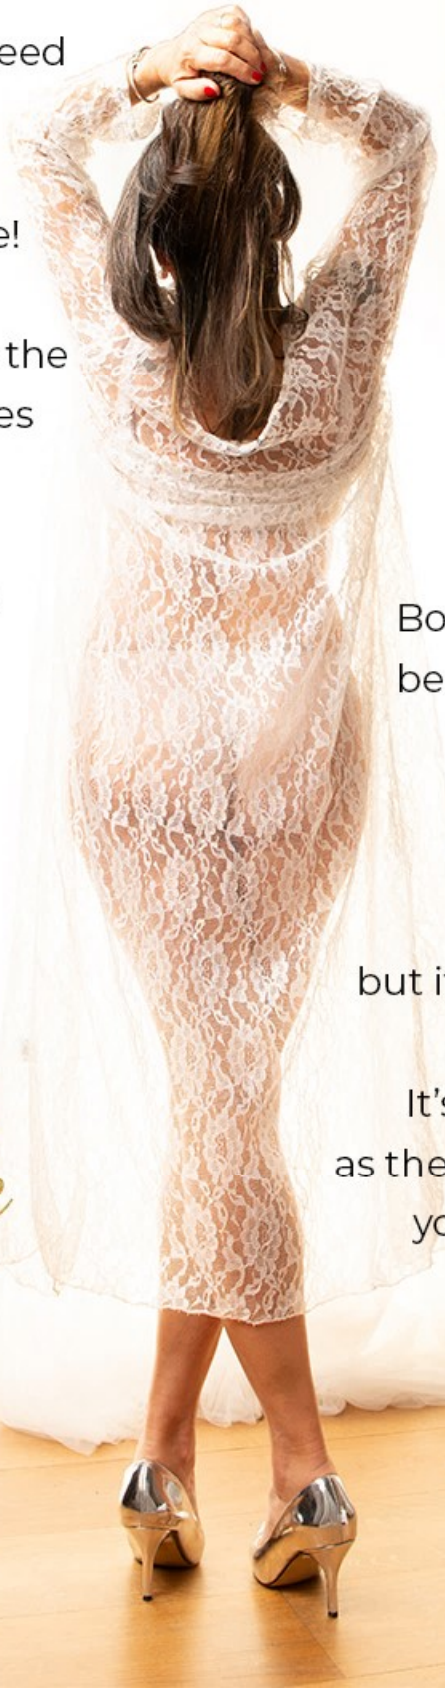
We have 1100 square feet of space in our Studio with multiple set ups, a makeup area, a fabulous sales area full of samples and a 55 inch television to view your images during your reveal. Our studio has historic features including stained glass windows, carved alabaster and original ceramic tiles, oak wood floors (with underfloor heating!), and hand selected decor. The grounds of the studio and other beautiful areas on Harewood Park Estate are available for Outdoor Shoots.

Our Portraiture is custom designed to

BOOST YOUR CONFIDENCE

And to do that you need to get out of your comfort zone - in comfort of course!

Our Style is to create the most beautiful images of you in a state of undress, known as BOUDOIR which is a French word which means a woman's dressing room or bedroom.



Boudoir is fun, feminine, beautiful, candid, posed, sexy, flirty, womanly, sensual, powerful, or really anything else you want for it to be, but it's NOT pornographic.

Our Style

It's about capturing you as the multifaceted woman you are NOW. It's about being true to yourself and seeing yourself as the magnificient woman you truly are.

Common Questions our ladies ask ...

What would I do with my portraits?
I believe that CONFIDENCE is the best gift you can give YOURSELF, to capture your essence as you are now. And when you need a reminder of the strong, beautiful woman that you are, you will have a collection of amazing portraits to look upon, I love it when women come to me for themselves. The images we create together will boost your self esteem and your confidence, and that should be celebrated by YOU! It will help you reclaim your femininity, your sexuality, two things that are often lost as we get consumed with our lives, our jobs, our families. Get your mojo back, and reflect on the bodacious goddess of a woman you are. Celebrate the body you live in!

I don't looke like the women in your photos!
There is no such thing as a perfect body. You are never too old, too young (well you have to be 18+), too big, too small! THIS is for EVERYBODY, that's EVERY BODY.
Let me show you.

FAQs

FAQs

Can you make me look thinner?
I want to help you feel beautiful now, just the way you are.
We flatter you with hair and makeup styling, a wardrobe that compliments your figure, and amazing lighting and posing techniques to highlight your best ass-sets (hahaha). I do not believe in heavy photoshopping. Don't get me wrong, we will gladly remove bruises and blemishes, but we don't want to manipulate your body to make you look like someone you are not. We already live in a time where we are bombarded by unrealistic bodies in the media, I want to show you that you are beautiful in this very moment.

What about retouching?
We are happy to retouch your images! Blemishes will be gone and we'll discuss scars, cellulite and anything else you may want. Please note that we may charge if it is significant work.

What types of Sessions do you offer?

FAQs

What can I expect at my Reveal & Ordering Appointment?
Before we have created your images, it is hard for me to give you an exact figure as to what to expect. Some women come to us and just get a basic album, others come to me and want it all and invest several thousand on a variety of products. Keep in mind what you spend is up to you. You can purchase from our Collectioin Menu or the Á La Carte Menu, our full pricing will be sent to you once you have booked. What I can say is this, if you are looking for "just a few images", this is not the session for you. We offer a full-day experience (in two parts) and will show you 30-70 final images that will be professional printed and handcrafted to create luxury products. It is certainly an investment, one that is worth it's weight in gold. You'll never tire of looking at your images or forget the way the session day made you feel.

Our albums begin at £750 and go all the way up to £5900.
Our Collections begin at £1900.

Have sticker shock?
We know that this experience is an investment and we offer payment plan options. You can take advantage of our interest-free plan leading up to your shoot or PayPal Credit.
